

Paramount Business Jets Releases Charter Operator's Bill of Rights

 PRWeb – Thu, Aug 11, 2011

The Charter Operator's Bill of Rights is created to acknowledge the appreciation and cooperative spirit between the Private Jet Charter Broker and the Air Charter Operator while providing the Operators with guaranteed services, transparency and peace of mind.

Tampa, FL (PRWEB) August 09, 2011

Paramount Business Jets (Paramount), a worldwide air charter brokerage company provides fair, reasonable, and transparent pricing to its members, using only the highest safety rated operators who maintain exemplary service and equipment. Paramount only uses those operators that meet or exceed the safety standards and quality of service that Paramount demands.

Paramount Business Jets announces their appreciation of fair business practices throughout the industry, and has published the [Charter Operator's Bill of Rights](#).

[Paramount Business Jets](#) CEO Richard Zaher states, "We are pleased to put in writing what has always been our company's core principles. The Charter Operator Bill of Rights is one of many steps taken by our company to ensure fair business practices, and the highest level of ethics adhered to between both the broker and the operator, all on behalf of the end users."

Charter Operator's Bill of Rights

WE ACKNOWLEDGE:

The level of commitment made by Charter Operators to provide excellent service to our clients.

The time, effort, resources, dedication, and costs associated with building and maintaining a charter operation.

The value of the members of the operator's staff, including their charter departments, dispatch, and customer specialists, all with years of training and experience, and that their time should never be wasted.

That Charter Operator's focus their resources on quality and safety first for their aircraft, crew, and passengers, while meeting the requirements of FAA regulations.

That Operator's understand the cost of performing any mission, and need to cover those costs to include providing a revenue stream for owners, and the Part 135 operator.

WE PROMISE:

To conduct all of our business dealings with operators in only the highest level of professionalism.

To only bring qualified, pre-approved, and legitimate trips to the Charter Operator.

To only negotiate reasonable price reductions in accordance with industry standards, and not below.

To be completely transparent in our business dealings with Charter Operators.

To build relationships with Charter Operator's based on honesty, teamwork, and communication, in an effort to provide the

best service possible for the end user.

To reward quality and value in customer service with repeat business, and to always maintain a fair business relationship.

To provide assistance each and every time an operator needs help in locating aircraft to back up the operator's fleet, at a fair and fixed management fee above true wholesale, and transparent pricing to include the broker's discount, and any other discount negotiated for on the operator's behalf.
