Paramount Business Jets' Charter Operator's Bill of Rights

10-Aug-2011

The Charter Operator's Bill of Rights is created to acknowledge the appreciation and cooperative spirit between the Private Jet Charter Broker and the Air Charter Operator while providing the Operators with guaranteed services, transparency and peace of mind.

Paramount Business Jets (Paramount), a worldwide air charter brokerage company provides fair, reasonable, and transparent pricing to its members, using only the highest safety rated operators who maintain exemplary service and equipment. Paramount only uses those operators that meet or exceed the safety standards and quality of service that Paramount demands.

Now Paramount Business Jets announces their appreciation of fair business practices throughout the industry, and has published the [Charter Operator's Bill of Rights](#).

[Paramount Business Jets](#) CEO Richard Zaher states, "We are pleased to put in writing what has always been our company's core principles. The Charter Operator Bill of Rights is one of many steps taken by our company to ensure fair business practices, and the highest level of ethics adhered to between both the broker and the operator, all on behalf of the end users."
