

Paramount Jet Card Membership - The Secret To Reduced Rate Private Jet Charters

Latest Press Releases and News From I-Newswire.com

Published: 04/13/11 05:36 AM EDT

Private jet charter empty leg offers at whole and transparent rates offers the biggest cost savings plan ever offered by any jet charter company.

As the Paramount Jet Card membership increasingly gains the attention of frequent jet charter clients, Paramount Business Jets is pleased to announce a new addition to the comprehensive list of membership benefits that are available to Jet Card holders. Built for seamless efficiency and luxury travel, Paramount's innovative **Private Jet Card** membership program offers members transparent wholesale charter jet pricing for a low fixed management service fee. This new method of chartering jet is becoming increasingly popular and offers members unbiased representation and quality aircraft at best prices. In addition, Paramount is now offering Jet Card members the ability to utilize thousands of **empty legs** at below market rates. Roughly 30 to 40 percent of private jets are currently flying empty to be positioned for a scheduled charter or on their way back to home base and these empty private jet flights are one of the secrets to reduced rate private jet charters worldwide. Empty legs offer the same high quality aircraft, safety and service while providing cost saving opportunities of close to 75 percent below normal charter rates. Paramount Business Jets is already a leading provider for empty legs in the private jet charter industry and offers one of the largest listings of empty legs online, but this latest addition, makes Paramount Business Jets the first charter company to introduce wholesale transparent empty leg pricing for Jet Card holders.

The combination of high quality empty leg sources and costs well below current market rates, makes this latest addition a welcome change for existing jet card members. With access to over 15,000 private jets and VIP aircraft through more than 4,000 domestic and international charter providers, Paramount Business Jets leads the industry with the most comprehensive range of aircraft choices, the most experienced private jet charter specialists and an industry first for transparent pricing.

As the Jet Card and **private jet charter**

private jet charter industry becomes more competitive, innovative companies such as Paramount Business Jets are defining the standards for fair and competitive pricing without compromising on safety, quality and service. A unique benefit of Paramount's membership services are that members are provided with the exact quotes received from operators including all broker discounts for any trip they desire. This policy is in place to provide transparent pricing for services offered by Paramount Business Jets so that members see exactly what charges and fees they are being quoted. This allows Paramount Business Jets to offer a competitive advantage and demonstrates their fair and transparent approach to business cooperation. "With so many companies competing in today's market, I think it's important that consumers have an expert representing their interest in the marketplace," said VP of Marketing, John Toole, "By providing customers with everything that we see, clients gain a complete understanding of where their money is being spent while being thrilled about the thousands of dollars we are saving them."

Furthermore, **Paramount Business Jets** also provides members with additional concierge services that go above and beyond other jet charter companies through an exclusive partnership with **One Concierge**, a leading industry provider for concierge services in over 110 countries around the world. At no additional charge to Jet Card holders, members are provided with an unlimited host of concierge services from yacht charters to restaurant reservations to compliment their trip every step of the way. From complete travel packages and cost savings to smarter VIP executive jet charters, Paramount's Jet Card program, is continually evolving to meet the needs and requirements of the members they serve.
